

**THE 58<sup>th</sup> INTERNATIONAL ASSOCIATION of FORENSIC TOXICOLOGY  
(TIAFT)**

**24<sup>th</sup> – 28<sup>th</sup> October 2021**

**Cape Town International Convention Centre**

**EXHIBITOR & SPONSORSHIP PROSPECTUS**

**THIS IS A FIRST and you should be there!**

In nearly 60 years of TIAFT's existence, there has never been an international meeting on African soil – until now!

**From 24<sup>th</sup> – 28<sup>th</sup> October 2021**, we have the honour of hosting the 58<sup>th</sup> Annual TIAFT Conference in Cape Town, South Africa at the CTICC (The Cape Town International Convention Centre, <https://www.cticc.co.za>)

As the TIAFT Regional Representative in South Africa, I am proud to tell you that the TIAFT membership in South Africa has increased significantly over the last few years, with a renewed interest in both Forensic and Clinical Toxicology. This re-awakening has been fueled largely by the increased awareness here of TIAFT and the enthusiasm shown by its Board and Members to make a significant contribution in uplifting this important discipline in South Africa and the continent as a whole - the excitement that is building towards the upcoming meeting in 2021 is palpable!

We are expecting a large international contingent of delegates, but we also aim to make this meeting 'an African celebration'. We hope to welcome many delegates from the African Continent, so that toxicologists from developed and developing countries can share their valuable knowledge and experiences.

As a long-standing and much appreciated supporter of TIAFT meetings, this would be a wonderful opportunity for your organization to join us in Cape Town. Exhibiting at the CTICC makes real sense for your business, as it will facilitate opportunities to:

- Meet your current customers face to face
- Meet new customers who are specifically interested in your industry sector, especially considering potential growth in Africa
- Appoint distributors
- Conduct effective face-to-face market research
- Physically demonstrate your product
- Promote your business
- Make post conference appointments
- Make actual sales

Importantly, we will be hosting delegates by way of bursaries, from at least ten African countries to attend the conference. We plan an Africa Network Symposium on Sunday afternoon 24<sup>th</sup> October 2021, where these delegates will have an opportunity to present to us all, an overview of the achievements as well as challenges they face in their respective countries in this important field. What a great opportunity for your business to interact with everyone under one roof!

Our meeting program will follow a similar outline as with previous TIAFT Conferences and so of course there will be Vendor Workshop Opportunities for you as well, where your latest research and products can be showcased to our international audience.

On behalf of the Organizing Committee, I assure you that it is our goal to use the CT 2021 meeting and the platform it will provide, to foster international collaboration and mentorship programs and therefore empower Forensic and Clinical Toxicologists from across our continent. This will create exciting new business opportunities for you, so don't miss out!

We recognize that the generous support that the annual TIAFT conference receives from corporate partners like yourselves, ensures the ongoing level of excellence at these events and we look forward to your favourable and enthusiastic expression of interest in our meeting too!

Cape Town is a spectacular, diverse, vibrant city that is a top destination for business and tourism alike. Our aim is to make our meeting successful and memorable for everyone and so we invite you to partner with us in Cape Town in 2021:

**Participate, Exhibit, Sponsor!**
